WEEKLY REPUBLICAN-1907.  
DAILY PUBLIC LEDGER-1909.

MAYSVILLE, KY., SATURDAY, JANUARY 17, 1903.

ONE COPY-ONE CENT.

Colonel William O. Outten is able to be about again.

O. and O. train No. 4 was an hour and a half late last night.

Mr. M. A. Ruggles has been ill for several days at the home of relatives in the country.

Miss Joanna Harding, daughter of the late Judge Duncan Harding of Kenton town, Robertson county, died at Lexington recently where she had been an inmate of the Asylum about twenty-six years. She was aged about 57 years.

SOCIAL EVENTS

The pupils of Miss Johnson's School of Phonography are in the habit of changing their "character" lessons from sound to sense, the metamorphosis being accomplished through the tense "to scratch, to scrawl, to master," the latter being the verb denoting proficiency in the art and in the departure, thus revealing the domestic side of the pupils. Yesterday at noon about twenty ladies and gentlemen assembled at that hour to partake of a delicious lunch. The room was darkened, and lighted lamps gave the glow which made the scene not only beautiful, but thus fashioned made a background for wits and repartee fairly sparkling and dazzling. Miss Johnson presided, and her aids were gracious maidens whose every act is one of grace, whose very presence gives delight. Their affairs are very exclusive and never widen in their hospitality, save to honor some ex-graduate or prospective pupil or distinguished visitor, whom to honor most these dear girls serve best. Long live the Phonographers' Club; may its devotees be the presiding genius of a great commercial house whose lord each one shall rule.

HARD TO EXPLAIN.

If This Had Occurred Anywhere Else Than Maysville Our Readers Might Doubt It.

It's hard to explain how the public can continue to doubt in the face of such evidence. If this were published anywhere else than in Maysville; if the statement given below went the rounds of the press readers in Boston or New Orleans might doubt it. But it's very different when the testimony given comes from a friend, perhaps a neighbor. It is public expression of a local citizen, and can be easily investigated:

Mr. Larmon Dawson, residing at 934 East Second street, says:

"The quick relief from pain in my back which followed the use of Doan's Kidney Pills proved them to possess remarkable powers. I procured them at J. Jas. Wood & Son's Drugstore, corner of West Second and Market streets. From the satisfactory results obtained I can advise all in need of a kidney medicine to give Doan's Pills a trial."

A Scientific Discovery.

Kodol does for the stomach that which it is unable to do for itself, even when but slightly disordered or over-loaded. Kodol supplies the natural juices of digestion and does the work of the stomach, relaxing the nervous tension, while the inflamed muscles of that organ are allowed to rest and heal. Kodol digests what you eat and enables the stomach and digestive organs to transform all food into rich, red blood. J. Jas. Wood & Son.

One Hundred Dollars a Box

Is the value H. A. Tisdale, Summerton, S. C., places on DeWitt's Witch Hazel Salve. He says: "I had the piles for 20 years. It is a combination of the healing properties of Witch Hazel with antiseptics and emollients; relieves and permanently cures blind, bleeding, itching and protruding piles, sores, cuts, bruises, eczema, salt rheum and all skin diseases. Dress Stuffs A BARGAIN!

\$2 1/2 to \$5 buys a dress pattern that a fortnight ago would have cost \$5 to \$10. Not to wool Dress Goods are reductions confined-silks have also been sheared of all profit. Never a better time to buy a dress, waist, or skirt. Perhaps some neighbor has availed of this sale-ask her opinion of our January bargains-we know her answer will bring you here.

FURS--One-Half!

The offer can be made in a dozen words. Every fur piece in the store at a reduction of one-half from the marked figures. Owing to the warm fall we marked furs early in December at the lowest prices ever known in the store's history-and from these lowest of low prices we again clip one-half.

Is only a bargain when it is a worth-while article at less than usual price. Last winter's coats would not be cheap to smart dressers at any price.

EVERY WRAP

In our stock is correctly fashioned and was made for the winter of 1902-3. We didn't carry one coat over from last year. We emphasize this point because it is difficult for anyone to grasp the extraordinary values we are giving in the coat department. You think old-fashioned garments are only possible at such prices. Don't waste time over that fallacy when a glance will instantly confirm every detail of our statement.

D. HUNT & SON.

The Big Sandy river is closed with ice.

The towboat Mariner Thursday ran through herself while near Parkersburg.

The ice has thinned out at this point, and it is now thought that navigation will be resumed Monday.

Purser A. Brown of the steamer Queen City, which is laid up at Parkersburg on account of ice, states the boat is in an excellent harbor, and will be safe during her enforced lay-off from any danger that might present itself.

A. Alvarez, Director General of Railroads for the island of San Domingo, has placed an order for his Government with James Rees' Sons for a steamboat. The price to be paid is about \$30,000, and the craft is expected to be completed in four months.

The towboat Charley Brown passed from Pittsburgh with a tow of coal consisting of 17 barges of 13,000 bushels each and two coalboats of 20,000 bushels. She was met by the Coal City at Nine Mile and helped through the ice and dike at Coney Island.

A petition signed by a large number of Pilots has been forwarded to Major S. R. Crumbaugh, Supervising Inspector of Steam Vessels in the Pittsburgh and Cincinnati District, requesting that he re-instate Captain Holmes Harger as a Master and Pilot of steam vessels.

Captain Murat Hammett is constructing two towboats at Marietta, one of which is to be ready in thirty days. It will get the machinery of the old General Barnard, that laid so long over at Howard's before being sold to upriver parties. The new boat will be 135 feet long by 22 feet 9 inches wide.

Louisville Post—Nothing has recently been heard from the big fleet of large caliber towboats now climbing the Mississippi en route to Louisville, but the managers of the Pittsburgh Coal Combine and People's Coal Company here do not think they will try to penetrate the ice they will meet between Cairo and Memphis, and it is possible they have all laid up in cozy nooks "down where the magnolias grow," to come no further till the Ice King surrenders. Some of these steamers have forty empty packages in charge, while others have barges loaded with various kinds of stuff, including sugar, molasses, rice, mahogany logs, cotton, junk, and there are two with assorted cargoes. In every instance they are compelled to keep their crews on full wages because their commanders cannot figure on what time they will leave their temporary stopping places, hence these expenses are clear losses to operators of the immense flotilla. Among those in the string is the new and wonderful steel towboat Sprague, with twenty-eight empty coalboats in tow, and her arrival here is anticipated with unusual anxiety by heavy freight handlers, as well as the public at large, because it will be her first visit to Louisville, and because she is regarded as a wonder on the inland waterways of the world.

The Chesapeake and Ohio Railway will exercise a more important part in traffic matters in the South in the near future. The Company during the past year has increased its mileage several hundred miles and is still carrying on the work.

## Governor Atkinson of West Virginia

Writes to a friend from Charleston, under date of Sept. 8th, 1902, saying, "I have used a number of bottles of KODOL and have found it to be a very effective and, indeed, a very powerful remedy for stomach troubles. I do not hesitate to recommend it to all persons who have weak digestive organs."

Indigestion is mainly due to a lack of some of the elements which constitute natural digestive juices. Kodol Dyspepsia Cure supplies these, and reduces the food to a condition required for transforming it into living tissues. Kodol is unlike all other remedies in that it combines both digestive and tonic properties. Its use enables the stomach and digestive organs to digest, assimilate and transform all of the nourishment contained in all of the whole-some food that may be eaten, into the kind of blood that makes bone, sinew, tissue, muscle, health and strength.

## KODOL DYSPEPSIA CURE

If the stomach is disordered Kodol will correct it, and if diseased Kodol will cure it. This famous remedy lays the foundation for health and the upbuilding of strength by cleansing, purifying, sweetening and strengthening the glands and membranes of the stomach, and by supplying the natural juices necessary to perfect digestion, assimilation and nutrition.

### Dr. Hayes, of Washington, D. C.,

Writes an autograph letter to one of his professional friends, saying: "In a number of chronic cases, after exhausting the materia medica for even palliative measures, with negative results, I have prescribed Kodol with marked and increasing benefit, from the first dose until the stomach's disability has been permanently relieved. My experience in a general and hospital practice dates from 1872, and I am positive that of all the digestants prescribed in those thirty years, none in my hands has proven so thoroughly effective as Kodol."

#### Kodol Digests what You Eat.

Belching of gas, sour stomach, fullness after eating, and all the symptoms of indigestion are relieved by the use of Kodol. Kodol gives health to the sick and strength to the weak.

Bottles Only—Regular Size, \$1.00, holding 2½ times as much as the trial size which sells for 50c. Prepared only by E. C. DeWitt & Co., Chicago, U. S. A.

## MURPHY, THE JEWELER!

## The Year Just Closed Will Never Be Forgotten By Those to Whom Paine's Celery Compound Gave New Life and Happiness.

The year just closed has been a memorable one for Paine's Celery Compound. A multitude of men and women weakened, nervous, rundown and suffering the pains and agonies of disease, have had their burdens removed and their feet firmly planted on the solid rock of health.

Stirring political events of the past year, the colossal efforts of trusts and monopolies, the recent miners' strike, and other notable events will be quite forgotten in a few weeks or months. Not so with the strength after weakness, the new life after years of suffering, the robust health after wasting disease, the permanent cure after the verdict of "incurable" pronounced by the physician.

These glorious remembrances and blessings, and the happy assurance that Paine's Celery Compound "makes sick people well," will be indelibly graven on the mind as long as life lasts.

The victories of Paine's Celery Compound over disease in the past year are supported by thousands of testimonial letters from the best people of the land. Medical journals have noted the blessed work, and physicians have been compelled to endorse the life-saving virtues of earth's best medicine. It matters not, dear reader, how bad your case may be, give Paine's Celery Compound an honest trial, and you will surely share the blessings it has bestowed on others.

## Use Bottled Smoke Why?

XXXX

It smokes the meat thoroughly, giving it a finer flavor and making it more firm than the old way. It protects it more surely from germs and insects. It requires no smokehouse or fuel. No chance of starting a fire as in the old way. Can smoke 300 pounds of meat in an hour. Saves work, saves worry, saves time. Saves shrinkage as high as 20% the old way. The weight saved on one or two hams will buy enough of Chenoweth's Liquid Meat Smoke to smoke 300 pounds of meat, and do it better than any other way. Let us tell you more about it.

## LESSON IN AMERICAN HISTORY IN PUZZLE

SIGNING THE DECLARATION OF INDEPENDENCE.  
Find Thomas Jefferson.

On June 8, 1776, a resolution was offered in the Continental congress at Philadelphia declaring the states free and independent, and a committee of five was named to draw up the declaration. Thomas Jefferson wrote the greater part of the historic document, though Adams did most of the speaking in its favor. The declaration was completed on June 28, the day of the British defeat at Fort Mifflin, and was signed on July 4, 1776.

Why can't we come over to your house and play any more? Because papa gets so mad when we make a little bit of noise. What makes him that way?

Mamma says it's dyspepsia makes him act so crazy. That's about the way it strikes the small boy. The dyspeptic has no idea of his own unreasonableness or harshness. Little things are magnified and seem to justify his quick anger.

There's health for the dyspeptic and happiness for the family by the use of Doctor Pierce's Golden Medical Discovery. It cures diseases of the stomach and other organs of digestion and nutrition, and restores perfect health and strength, by enabling the perfect digestion and assimilation of food.

"I have taken one bottle of Dr. Pierce's Golden Medical Discovery for indigestion and liver complaint," writes Mr. C. M. Wilson, of Yachin College, Davidson Co., N. C. "I have had no bad spells since I commenced taking your medicine—in fact, have not felt like the same man. Before I took the 'Golden Medical Discovery' I could not eat anything without awful distress, but now I can eat anything I wish without having unpleasant feelings."

Dr. Pierce's Pleasant Pellets cleanse and regulate the bowels.

Joseph Schatzmann; china, glass and queensware.

The F. H. Traxel Co.; confectioners and bakers.

The Racket Store, L. H. Young & Co.; everything.

Fred W. Bauer issues votes with all job printing.

The Maysville Coal Co.; telephone and we will vote for you.

H. H. Collins Lumber Co., successors to Collins & Rudy; the most complete line of building material in Maysville.

John T. Parker; livery, feed and sale stable.

Model Laundry.

Dr. Leslie Brand went to Paris yesterday afternoon to perform a surgical operation. He returned home this morning.

Lindsay C. Howard of Cynthiana, well known here, has been made night chief and Associated Press operator for the Western Union at Lexington.

A bursted water pipe on West Fourth street yesterday morning flooded the cellars of several residences along that thoroughfare before the water could be shut off.

Mrs. S. P. Baird, who fell on the icy streets at Carlisle, dislocating her left hip, is suffering considerably, and it is feared she will be crippled for life. She has three attending physicians.

**MRS. IDA McDONALD,**

Supreme Deputy of the Maccabees of the World.

MRS. McDONALD, No. 477 Beaubien Street, Detroit, Mich., is a prominent woman who was greatly benefited by the great woman's medicine, Wine of Cardui. Mrs. McDonald is the supreme deputy of the Maccabees of the World, and one of the most widely known women in the United States. Thousands of women gather to hear her lecture everywhere she goes. The great work she has done for the Maccabees is appreciated by every member of the order. She was so absorbed in her work that she neglected to give her health proper care—failed to take warning that the symptoms of approaching kidney trouble gave her, the sallow complexion and torpid liver. But Wine of Cardui cured her the same as it has cured thousands of others and Mrs. McDonald has written this letter in order that other suffering women may secure from Wine of Cardui the same relief she got from it.

Mrs. Ida McDonald.

that I must do something to regain my health. A friend advocated your Wine of Cardui treatment so strongly that I decided to try it, although I had little faith in patent medicines. I am now very thankful that I did so, for within ten days blessed relief came to me, and in less than three months I was cured, and have enjoyed fine health ever since. I know there is nothing better for a sick woman who wishes to enjoy perfect health and am very pleased to give my hearty endorsement.

No suffering woman can afford to ignore such a letter as Mrs. McDonald writes. Her plans and advice have proved valuable in building up one of the greatest women's organizations in the United States and she takes time to give advice which she knows will help you.

Do not delay in securing this medicine. There is nothing to gain and everything to lose by delay. The choice is before you. Will or will you not secure relief now by taking Wine of Cardui? All druggists sell \$1.00 bottles of Wine of Cardui as well as 25c packages of Thedford's Black-Draught.

**WINE of CARDUI**

A million suffering women have found relief in Wine of Cardui.

**GYPSY JACK.**

"Gypsy Jack" a melodrama that has been running in England for the past three years, will be the attraction here today. The production with its wealth of scenic beauty and its clever stage effects is said to be handsomer than that which is having the long run in England, and it is safe to predict that the performance here will please all admirers of melodrama.

**'Tis An Ill Wind That Blows Nobody Good!**

Pardon the use of a proverb so trite. It is so apropos we cannot resist the temptation to quote it. The disastrous gale which wrecked one of Cincinnati's largest, best known and most up-to-date firms, THE FOREMAN SHOE COMPANY, will prove a benevolent breeze, wafting to many such bargains in FINE SHOES as Maysville has never known. These Shoes were made especially for the most fastidious city trade. Mr. Cohen bought the entire stock at less than 50c on the dollar. I was permitted to cull the choicest bargains of this elegant stock of Fine Footwear for the fair Maysville customers. With Foreman's quality and Dan Cohen's prices they will go fast.
